Question of the week:

What sports facility do you enjoy playing at the most?

"I like playing at Cholla when we have a lot of people at our games. There is so much energy."

• **Senior Brian Jackson, Cholla volleyball**

"It's got to be at home, always at home. I just know it like the back of my hand."

• **Sophomore Francis Ravenell, Rincon/University track and field**

"Kino Sport Complex, because the fields there are kept really well. We have a lot of (bad) fields around here."

• **Senior Beau Welsh, Sabino baseball**

"I like the Douglas track, because it is more shock absorbing. It just feels better to run on."

• **Junior Alyssa Travis, Rincon/University track and field**

"Pima (College), because there is nobody there. It's quiet, and you can just have fun."

• **Sophomore Rafael Sepulveda, Pueblo tennis**

"I like playing at home, because you always have friends, at least a few, who will be there to support you."

• **Junior Cristina Ramirez, Cholla tennis**

"Lincoln Park, because I grew up playing there, and the infields there are the best in the city."

• **Senior Megan Murray, Sabino softball**

"Pima West (campus), because they have lights, and there is always someone new to play there. I'll go anywhere if I can play new people."

• **Junior Enrique Zarate, Pueblo tennis**

"I would have to say Sahuaro or Catalina Foothills, because they are our rivals and there is a lot of energy in those games. It's just fun to be there and see what happens."

• **Junior Elissa Zeches, Sabino softball**
